**You're invited to our February 15 Workshop:**

# **Selling Ideas to Staff and Managers**

**\$75 per person** early bird paid by Feb 7, book today!

\$85 if booked after Feb 7.06.

**Agenda and Outcomes for February 15, 2005; 7pm to 10pm.**

Taken from our most successful workshop of 2005, this program shows participants how to be effective and get results regardless of how much authority their title gives them.

This workshop answers common frustrations and empowers staff to be successful regardless of anything or anyone.

## **KEY WORKSHOP OUTCOMES**

- Participants learn to be 100% accountable for their own results without basing success on management
- Advanced negotiation skills have participants balancing the needs of their teams, company mandate and their own desired outcomes for mutual gains
- Transferable skills to inspire others to stay in the game regardless of obstacles. More of the same gets more of the same...keep changing your approach until the other parties understand the value to them!

## **Who should come?**

- **Individuals committed to getting more out of their careers!**
- **Corporate employees, entrepreneurs, small business staff**
- **Professionals wanting to check out Big Fish with a bite sized menu; additional times available. HR Managers send us your fishies!**
- *No refunds! If you're not serious, stay home. This is high performance training, low performance training is offered elsewhere.*
